INTERIOR

Fireblocked seven passenger interior features a seven pedestal seats center club configuration with single forward aft-facing seat, two aft forward facing seats, and self contained belted flushing toilet certified for takeoff/landing. Seats 5 and 6 are equipped with floor tracking and 60 degree recline and two 110VAC outlets in lower sidewall aft of seats 5 and 6. Individual air outlets and reading lights provided for each passenger, with indirect lighting through the cabin.

Forward standard refreshment center includes barware storage area, swing out work surface, heated liquid container, bottled water storage, beverage dispensers, ice chest drawer and other miscellaneous storage compartments. All woodwork is enhanced gloss laminate finish with brushed aluminum hardware, and executive tables with optional leather inserts.

Entertainment features include Airshow 400 with Dual DVD, with two 8.4-inch monitors, monitor receptacles and headset jacks at each cabin seat with headsets. Airshow ST3100 Telephone system and remote cabin indicator. Additional cabin amenities include five-inch dropped aisle and spare carpet assemblies, pleated window shades and aft dividers with mirror upper and cabinetry lower.

Cabinets, seats, & carpet refurbishment in 2020.

EXTERIOR

Overall Snow White with Black Metallic, Sherwood Green Metallic and Oak Brown Metallic accents. Emergency exit opening highlight of Viking Grey.

Exterior Re-painted in 2020.
